HISTORY/FACTS/ISSUES:

The Board approved this acceptance on October 27, 2009 however it was determined two roadways were omitted on the supporting documents and the mileage total below had to be amended.

This is a continuation of the acceptance of dedicated roadways, constructed though the development process, subsequent to a two year warranty period. The acceptance of Units 132, 133, 147, 105 West, South Morse Boulevard (Phase 4), and Odell Circle (Phase 4) will increase Sumter County's current roadway infrastructure by 8.746 miles. Attached is a spreadsheet tabulating the length and right of way width, as well as a map indicating the location of the units and roadway segments recommended for acceptance. A portion of this road acceptance package will fall under The Villages CDD Road Maintenance Contract.
